

CAPACITIES

3, 7, 10, 15, 20,
30, 50, 80 & 100 kg of Core Weight

MODEL - Pneumatic/Hydraulic

1. Horizontal Parting
2. Vertical Parting
3. Universal Model
4. Two Station
5. Three Station
6. Customised

All Cold Box Core Shooter Are As Per Standards Sizes & Other Customised Also Available
Leading Manufacturers & Exporters of : Full Range Of Foundry Machines, Sand Testing Equipment & Metal Testing Equipment.

SALIENT FEATURES

- ▶ Compact and Robust Design
- ▶ Capable Of Producing Cores with High Dimensional Accuracy and Precision
- ▶ Automatic Operations to Improve Machine Efficiency,
- ▶ Provided With PLC With User-Friendly Interface,
- ▶ Designed For High Speed and Efficient Production of Cores,
- ▶ Incorporates Features to Minimize Environmental Impact,
- ▶ Built- In Safety Measures,
- ▶ Designed For Easy Maintenance with Accessible Components,
- ▶ Integration Of data Logging System to Record Key Parameters
- ▶ Applied Industry 4.0 Technology to Monitor and Control

Universal Model

Two Station
Horizontal Parting

Horizontal Parting
